PROFESSIONAL STATEMENT

I am an enthusiastic and motivated college student planning to major in Computer Engineering and minor in Aerospace Engineering. I am eager to apply the classroom-learning I have accumulated to hands-on experiences. With a hard-working, friendly, and results-oriented attitude, I enjoy challenges and bring my best to every situation. I am people oriented, and do my best to always leave people with a positive experience.

PORTFOLIO

PYTHON

In early 2024, I designed a simple wiki platform using Flask in python. The code for this project can be found at <https://github.com/fyresmith/pywiki>.

JAVA

As a part of the capstone course in my Associates Program at Gwinnett Technical College, I worked with a group of three other people to plan, design, implement, and test a fully fleshed out e-commerce web application. The code for this project can be found at: <https://github.com/fyresmith/sellbuy>.

EDUCATION

GWINNETT TECHNICAL COLLEGE, A.A.

2020 – 2024

At Gwinnett Technical College I have completed an **Associates of Applied Science in Computer Programming**, as well as a **Technical Certificate in Java Programming**.

GOOGLE CYBERSECURITY CERTIFICATE

Completed March 2024

While earning Google's Cybersecurity Professional Certificate, I was able to learn the importance of cybersecurity practices and their impact for organizations, how to identify common risks, threats, and vulnerabilities, as well as techniques and tools to manage and mitigate them.

WORK EXPERIENCE

PERIMETER CHURCH / KIDSQUEST LEAD INTERN

05 / 19 – 07 / 22

Leading a team of student interns, I served as Lead Intern for KidsQuest (a Perimeter Church ministry). My role involved various responsibilities, such as overseeing and leading the Worship Team, helping to teach Worship Team Classes, reviewing and developing curricula, leading practices and rehearsals, supervising interns and team leaders, maintaining communications with volunteers, building a sense of community within the team, and contributing to ministry planning by providing input for continuous improvement.

TEENPACT / TRAVEL STAFF

01 / 21 – 05 / 22

As a TeenPact Travel Staffer, I worked with teams of other Staffers to help run TeenPact's State Classes, week-long, intensive leadership classes taught in state capitals across the country. I collaborated with other Staffers to coordinate on-stage elements involving teaching and public speaking (as well as other small-group teaching elements), helping to educate students on the machinations of government, leadership principles, and effective communication both publicly and interpersonally, and helped to facilitate hands-on learning activities such as mock-legislature and mock-debate. With TeenPact, I traveled to and helped to run classes in Virginia, Alabama, Minnesota, West Virginia, Tennessee, as well as multiple classes in Georgia.

NLJC / CLASS ASSISTANT

08 / 18 – 05 / 22

I worked as an assistant for the National League of Junior Cotillions Johns Creek Chapter, supporting the director during monthly classes. My duties included being a role model for proper behavior with Cotillion members, handling logistical details like equipment setup, room arrangements, sound, and student check-ins, assisting with music and dance demonstrations, overseeing arrivals and departures, and providing support to the NLJC Director as needed during classes.

VOLUNTEER EXPERIENCE

PERIMETER CHURCH / VOLUNTEER RUSH LEADER

2021 – 2022

Tech Team Lead, Theme Team, & Keynote Speaker

I was a volunteer for Perimeter Church's RUSH Student Summer Conference. As a leader of the Tech Team (2021-2022), I helped foster a positive team environment, conducted team meetings and devotionals as needed, ensured team members were trained in their respective tech roles, coordinated the team's schedule for the conference week, and conducted debrief sessions with the team throughout the conference. I was also a member of the Theme Team (2021-2022), I helped decide the theme and direction of the RUSH Conference. Finally, I was chosen to speak as a keynote at RUSH 2022, teaching from the book of Exodus during the fourth session of the conference.
